Subject: Kempsey Neighbourhood Plan

Dear Sirs / Madam

Thank you for your letter dated 30th January 17 inviting me to make comments on the above.

I feel it is imperative that our village community retains its own identity for future generations. To these ends we must ensure that the significant gap is maintained and protected. Likewise our open spaces, wildlife havens and heritage sites must be protected, maintained and where necessary and possible enhanced.

We need to embrace progress and welcome a whole new set of village residents who need to be encouraged to join in with village life bringing new vibrance into the community. In my opinion our proposed new Community Centre and sports facilities could provide a well run facility which is economically viable, very versatile, extremely well patronised and most importantly providing that vital heart to our 21st century community.

Many thanks for giving me the opportunity to express my views

Linda Rimell
