Please state which part of the draft Neighbourhood Plan (i.e. which section, objective or policy) your representation refers to (please use a separate form for each representation):

Proposed Neighbourhood Green Space at Hayslan Fields Malvern

Please use the space below to make comments on this part of the Neighbourhood Plan.

As a member of the Pickersleigh Residents' Group I strongly support the proposal that Hayslan Fields be designated as a local Neighbourhood Green Space.

I fully support the findings of the SWDP in which Hayslan Fields were given special mention as a fine example of valued local Green Space currently in private ownership.

The designation of Hayslan Fields as a local Neighbourhood Green Space demonstrates the owner's commitment to our natural environment; a commitment that is playing an increasingly vital role in an age of diminishing natural resources.

The designation of Hayslan Fields as a local Neighbourhood Green Space is also evidence of the owner's commitment to the local community, a community which clearly and demonstrably values this area of local green space for the multiple health/wellness and recreational benefits it provides.

**The designation of Neighbourhood Green Space is absolutely appropriate for these fields.**

Please use a separate form for each representation.
