Please state which part of the draft Neighbourhood Plan (i.e. which section, objective or policy) your representation refers to (please use a separate form for each representation):

Neighbourhood Green Space

Please use the space below to make comments on this part of the Neighbourhood Plan.

The Pickersleigh Residents' Group wishes to strongly support the proposal that Hayslan Fields be designated Neighbourhood Green Space.

This designation is in alignment with the findings of the SWDP where it was given special mention as a good example of Green Space in private ownership.

There have been many judgements over the years confirming Hayslan Fields' value as a significant amenity supporting the health and well-being of the local community. The most recent in July 2016 was the dismissal of the appeal to develop the fields for housing. The Appeal Inspector found that it was evident that the fields were a much used and valuable resource for Pickersleigh residents and must be maintained as such.

In addition the Fields form part of the Green Corridor through Malvern and therefore provide valuable environmental and natural benefits.

Significant events concerning Hayslan Fields showing them to be an acknowledged natural significant amenity for the community

Dec 1984	Application to develop the fields for private housing - Refused
July 1985	Application to develop the fields for private housing - Refused
Aug 1995	Application for conversion to football field with stand and floodlights - Refused
2003	Malvern Urban Green Space (MUGS) report compiled, designating Hayslan Fields as green space
2005	Application to change QL2 status and develop the fields - Refused
2013	Emerging SWDP designated Hayslan Fields as part of the Green Network
2014	Call for Sites Initiative - Hayslan Fields considered but rejected , due to its amenity value
Sept 2014	Application by developers to build 150 houses on the site
Feb 2015	Unanimously refused by the Malvern Hills Southern Area Development Planning Committee, following recommendation for refusal by Planning Officers
Sept/Oct 2015	SWDP presented to local Councils for approval with the Hayslan Fields remaining on the omitted sites list
Feb 2016	SWDP formally adopted with the SWDP Inspector's Report highlighting Hayslan Fields as a good example of Green Space in private ownership
July 2016	Appeal by the developer to build on Hayslan Fields – Dismissed by the Inspector
Nov 2018	Emerging Neighbourhood Plan submitted – Hayslan Fields designated Neighbourhood Green Space

The local community continues to use the footpaths across these fields for a variety of recreational activities. The fields are very well used and are appreciated for their natural surroundings and the sense of peace and tranquillity. With stunning views towards the town and Hills, thus providing an essential amenity for health and well-being.

Therefore the designation of Neighbourhood Green Space is appropriate for these fields
