I could not imagine how greater and more consultative, collaborative and inclusive work could have taken place in the preparation and submission of the HNP. The sterling efforts of all involved are phenomenal and are a reflection of the passionate commitment of this community to the short, medium and long term health, wellbeing and responsible stewardship of our habitat and it's residents, present and future! What also strikes me profoundly is that all involved, but especially the members of Hallow Parish Council, have not only talked and discussed at length, but have also been prepared to roll their sleeves up, get involved practically, and use their skills and experience in the collection and assimilation of data and evidence to support and substantiate all the proposals. This truly is a mammoth piece of work.

Please use a separate form for each representation.
