Please state which part of the draft Neighbourhood Plan (i.e. which section, objective or policy) your representation refers to (please use a separate form for each representation):

Proposed Neighbourhood Green Space at Hayslan Fields Malvern

Please use the space below to make comments on this part of the Neighbourhood Plan.

I have written in the past, objecting to any building taking place on Hayslan fields. It is very disappointing to learn that it is again being considered for development as many plans, dating back as far as 1984, have been consistently refused.

In 2016 SWDP formally adopted with the SWDP Inspector's Report highlighting Hayslan Fields as a good example of Green Space in private ownership and the emerging plan of Nov 2018 submitted it as such. Every judgement has been in support of it being part of a Green Corridor, right up to the present day. Why is it therefore in the Dec 2018 NewCall for sites with the owners submitting the site for development?

I trust that Hayslan Fields and any other Green Space with similar credentials will continue to be safeguarded and not included in potential development as part of the recent Call for sites.

The SWDP carried out an in depth review of Green Space requirements and the findings were adopted only a short time ago. I believe it would be a waste of resource to repeat this exercise now.

Please continue to protect all currently designated green space.

Please use a separate form for each representation.
