Please state which part of the draft Neighbourhood Plan (i.e. which section, objective or policy) your representation refers to (please use a separate form for each representation):

Proposed Neighbourhood Green Space at Hayslan Fields Malvern

Please use the space below to make comments on this part of the Neighbourhood Plan.

I am writing in strong support that Hayslan Fields should be designated as a Neighbourhood Green Space. It has already been recognised as a good example of Green Space in private hands, in the SWDP, and therefore I am in support of it remaining so.

Over the years there have been various applications for development on these fields, and these have been refused, as the area has been recognised as having value as a significant amenity, supporting health and well being for the local community.

In addition, Hayslan Fields forms part of the green corridor through Malvern, supporting valuable environmental and natural benefits. This area is used by many people as a green space, using the many footpaths which cross the site. Therefore the designation of Neighbourhood Green space is appropriate for Hayslan Fields.

Please use a separate form for each representation.
